

Tanaboon Jewriyavetch

Software Developer

tanaboon.jew@gmail.com | github.com/TanaboonJew | linkedin.com/in/tanaboonjew

EXPERIENCE

Western Digital

Software Developer | Thailand | Sep 2025 - Present

- Contributed to systems-oriented CLI and desktop software across Linux and Windows.
- Improved automated build, CI, and test workflows using scripting and container tooling.
- Investigated failures through root-cause analysis and added regression coverage across CLI, GUI, and integration tests.

EDUCATION

Thammasat University

B.Eng Computer Engineering | 2025

SELECTED PROJECTS

Foreman

Pipeline orchestrator for coding agents: approval gates, resumable runs (Rust, Tauri)

FinPlan

Local-first finance toolkit with tested math engine (TypeScript, Next.js)
